THE PHARMA CHRONICLE

Volume I · Issue 1

August 2022 – January 2023

— A Record of Events, Achievements & Milestones —

FROM THE CEO'S DESK

A Message to the GNCPS Community · August 2022 – January 2023

As we present the inaugural issue of our college newsletter, I feel a profound sense of pride in the collective achievements of our institution. Over the past six months, from August 2022 to January 2023, Guru Nanak College of Pharmaceutical Sciences has witnessed remarkable growth and dynamic engagement across academic, cultural, and social domains. From insightful seminars on pharmaceutical research and workshops on intellectual property, to vibrant celebrations of our national and cultural heritage, energetic sports events, and meaningful community outreach initiatives, this period truly reflects the spirit and dedication of our academic community.

I extend my sincere appreciation to the editorial team for their dedication and creativity in bringing together this publication. Their efforts have ensured that our collective accomplishments are thoughtfully documented and shared.

— Mr. Bhupinder Singh Arora, CEO

FROM THE PRINCIPAL'S DESK

A Message to the GNCPS Community · August 2022 – January 2023

As we publish this inaugural issue of our college newsletter, I am filled with a deep sense of pride at what our students, faculty, and staff have collectively built over the past six months. The period from August 2022 to January 2023 witnessed an extraordinary density of activity on our campus — seminars on pharmaceutical research, workshops on intellectual property, celebrations of our national and cultural identity, sports tournaments that energized the student body, and community outreach events that reminded us all why we chose pharmacy as a profession. This newsletter is our collective memory of that period, and I hope every reader will find in these pages a reflection of the values that define Guru Nanak College of Pharmaceutical Sciences, Dehradun — academic excellence, ethical practice, cultural rootedness, and service to society. My warmest congratulations to the editorial team for bringing this vision to life.

— Dr. Mohit Gupta, Principal

FROM THE EDITOR'S DESK

Issue 1 · August 2022 – January 2023

Welcome to the very first issue of the Guru Nanak College of Pharmaceutical Sciences newsletter. We begin this journey with great enthusiasm and a clear mission — to create a lasting record of the life of our campus. Over the months covered in this issue, there were so many moments worth remembering that deciding what to include and what to hold for later was our biggest editorial challenge. We hope the result feels comprehensive without being exhausting, and celebratory without being boastful. Feedback from readers will help us improve future issues; please do share your thoughts with the editorial team.

— Ms. Kriti Dabral, Editor

ABOUT THE COLLEGE

Guru Nanak College of Pharmaceutical Sciences, Dehradun

Guru Nanak College of Pharmaceutical Sciences, Dehradun, was established in 2018 under the aegis of the Northern Institute of Management & Studies Society. The College is affiliated with Veer Madho Singh Bhandari Uttarakhand Technical University and is approved by the Pharmacy Council of India.

The College's vision is to create a progressive learning environment inspired by Guru Nanak Dev Ji's teachings, focusing on 'Learning by Doing,' providing practical experiences, and making quality education accessible to all.

Its mission is to integrate modern technology into its curriculum to promote practical and industry-relevant learning. It is committed to supporting female students and physically challenged individuals by providing necessary resources and encouraging entrepreneurial initiatives. The institution strives to maintain a team of experienced faculty members while also involving industry experts in its management to ensure quality education and professional exposure. It offers scholarships to diverse groups of students and extends its support to nearby villages by providing free educational opportunities. Additionally, it focuses on guiding students toward successful careers in employment, research, entrepreneurship, and higher studies. The institution also encourages research and development in the field of affordable generic medicines, working towards accessible healthcare solutions based on a no-profit-no-loss approach.

The College's PEO's are as follows

PEO1: Graduates will demonstrate comprehensive knowledge in pharmaceutical sciences, integrating multidisciplinary learning, Indian Knowledge Systems, and ethical practices to address contemporary healthcare challenges.

PEO2: Graduates will engage in advanced research, innovation, and collaborative projects that contribute to sustainable drug development, regulatory compliance, and translational healthcare solutions.

PEO3: Graduates will be equipped with 21st-century skills, digital fluency, and entrepreneurial mindset to thrive in diverse pharmaceutical sectors including industry, academia, and public health.

PEO4: Graduates will uphold values of equity, sustainability, and community engagement, contributing to responsible healthcare practices and environmental stewardship.

PEO5: Graduates will evolve as ethical leaders and lifelong learners, committed to continuous professional development, policy advocacy, and global best practices in pharmacy.

THE PERIOD AT A GLANCE

August 2022 – January 2023

The period documented in this issue — August 2022 – January 2023 — represented a particularly vibrant chapter in the life of Guru Nanak College of Pharmaceutical Sciences, Dehradun. Across the semester, the institutional calendar was populated with events ranging from carefully-curated research seminars to student-led cultural festivals, from health-awareness camps to inter-class sports tournaments. Each of these events, documented in detail across the pages that follow, contributed in its own way to the rounded education that the College strives to offer.

Equally significant was the calibre of recognition our students earned at external competitions, carrying the Guru Nanak name to inter-institute, regional, and national platforms. These wins are celebrated with pride in the Awards section of this issue, and they serve as beacons of inspiration for students yet to take that first competitive leap. Taken together, the events and achievements of this semester reflect a campus in full, confident motion.

PUBLICATIONS HIGHLIGHT

Research & Scholarly Output during August 2022 – January 2023

The faculty and students of Guru Nanak College of Pharmaceutical Sciences, Dehradun have continued to contribute to pharmaceutical literature through peer-reviewed research papers published in reputed national and international journals. These publications span areas such as herbal drug formulation, nanoparticle preparation, phytochemistry, drug delivery systems, ocular therapeutics, antimicrobial resistance, environmental toxicology, clinical pharmacy, and pharmacognosy – reflecting both the breadth of our departmental research interests and the depth of our commitment to original scientific work.

The College actively encourages a culture of research through its dedicated Research Club, regular workshops on literature review and scientific writing, training on statistical and reference-management tools, and a sustained emphasis on publication ethics. Final-year students are guided through dissertation projects that increasingly result in peer-reviewed publications.

Events & Activities

Events from August 2022 – January 2023

A chronicle of the seminars, workshops, celebrations, sports tournaments, and cultural programmes that shaped our campus life during this period.

Badminton Singles Championship

Sportsmanship, teamwork, and competitive spirit are cultivated on the field just as surely as in the classroom. The "Badminton Singles Championship" brought students together in an atmosphere of friendly rivalry and collective excitement. Organised by the Sports club such tournaments are not merely recreational; they help students discover leadership qualities, learn to collaborate with peers from across batches, and develop the physical and mental stamina they will need throughout their pharmacy careers.

Azadi Ka Amrit Mahotsav Celebration (12-15 Aug 2022)

Patriotism is best cultivated not through slogans but through meaningful observance of the days that define our nation's journey. The "Azadi Ka Amrit Mahotsav Celebration (12-15 Aug 2022)" on the campus was observed with solemnity, respect, and a sense of collective pride. Students participated in the ceremonies, listened attentively to speeches recalling the sacrifices of freedom fighters, and reaffirmed their own commitment to contribute meaningfully to the country through their chosen profession of pharmacy.

Independence Day Cultural Program

True patriotism is instilled not by mere slogans, but through sincere participation in events that reflect the nation's history and values. The "Independence Day Cultural Program" held on campus was conducted with great respect, dignity, and a shared feeling of pride. Organized by the Cultural Club, the programme saw the involvement of 110 students. During the event, students actively engaged in the proceedings, attentively listened to speeches highlighting the sacrifices of freedom fighters, and renewed their resolve to serve the nation responsibly through their chosen field of pharmacy.

Flag Collection Drive (16-18 Aug 2022)

The "Flag Collection Drive (16-18 Aug 2022)" was organised as part of the College's regular calendar of activities aimed at enriching the student experience and reinforcing the institution's holistic approach to pharmacy education. Tricolour distribution drive events of this nature add texture and depth to campus life, giving students opportunities to learn beyond the classroom and to build friendships, skills, and memories that will last well beyond graduation.

Seminar on Drug Research and development extracted from plants

Seminars and workshops conducted by guest experts play a vital role in enriching student learning, and the “Seminar on Drug Research and Development Extracted from Plants” upheld this tradition with remarkable depth. The session was attended by 81 participants and provided valuable insights into current developments in the field. By introducing students to evolving concepts and practices, the College fosters a culture of continuous learning—an essential attribute in a profession that is constantly advancing with new scientific discoveries, innovative therapies, and changing regulatory frameworks.

Workshop on Literature Review

Quality research demands more than intellectual curiosity – it requires methodological discipline, ethical integrity, and technical fluency. The "Workshop on Literature Review" was organised to equip students with precisely those capabilities. Organised by the Research club, participants learnt how to frame research questions, navigate literature databases, apply statistical tools, and maintain the ethical standards expected of every researcher. In an era when pharmacy is increasingly a research-driven profession, such training is indispensable for preparing students to contribute to the scientific literature with confidence and rigour.

Anti-Plastic Drive

Sustainability begins with small, consistent actions, and the "Anti-Plastic Drive" offered the College community a chance to act collectively on shared values. Environmental awareness campaign Events of this kind reinforce an ethic of responsibility that the College hopes its students will carry into every professional decision they make in the years ahead.

Ganpati Festival

The cultural fabric of India is woven from countless festivals, each with its own story, rituals, and celebratory mood. Ganpati Festival celebration on the campus was a vibrant celebration that brought students from different backgrounds together in shared delight. Six-day Ganesh Chaturthi festivities Decorations adorned the college corridors, traditional attire added colour to the day, and the joyous spirit of the festival reminded everyone that true pharmacy education goes beyond the curriculum — it shapes culturally rooted, socially aware young professionals who respect and participate in the traditions of their community.

Teacher Day Celebration

Every "Teacher Day Celebration" is a reminder of the values on which India stands and of the responsibilities citizens carry towards the nation. The celebration on the campus combined ceremonial dignity with the energy of a young student community. Honouring the teaching community, the College consistently uses such observances as opportunities to instil civic consciousness in its students, reminding them that their service as future pharmacists will be part of a larger national mission.

Seminar on Role of Research

Academic discourse flourishes when students have regular opportunities to hear from experts beyond their regular faculty. The "Seminar on Role of Research" brought specialists into direct contact with students, allowing for structured presentation followed by vibrant question-and-answer discussion. Organised by the Research club, events of this nature remain a cornerstone of the College's educational philosophy, serving as bridges between the classroom and the evolving frontiers of pharmaceutical science. Students who engage with such sessions consistently report sharper curiosity, better career clarity, and a broader appreciation of the profession.

Idea Generation Bootcamp

Pharmacy is no longer a single-track profession — the graduates of today must be as comfortable with business plans and market analysis as they are with pharmacokinetics. The "Idea Generation Bootcamp" was conceived to push students beyond traditional thinking and into the mindset of a founder. The event was organized by the Entrepreneurship club in which the participants pitched ideas, evaluated markets, considered financial viability, and learned to communicate their vision with conviction. The Entrepreneurship Club at Guru Nanak College believes that every student is a potential founder, and that exposure to such events can change the trajectory of a young pharmacist's career.

Workshop on Use of Patent Information Systems for Promotion of Innovation

In the global pharmaceutical marketplace, mastery over intellectual property law determines who innovates and who imitates. The session on "Workshop on Use of Patent Information Systems for Promotion of Innovation" gave students a structured introduction to the Indian and international IP regime. By exposing students early to these concepts, the College ensures that graduates are equipped to navigate patents, appreciate the commercial logic of pharmaceutical research, and protect their own future inventions.

Pharmacist Day Celebration

The "Pharmacist Day Celebration" is an annual reminder of the dignity and importance of the pharmacy profession, and the College observes it with care and creativity. Faculty and students came together for events that blended recognition, education, and celebration in equal measure.

Health Checkup Camp

Pharmacy is fundamentally a public-health profession, and students must see themselves as agents of community health long before they receive their final degree. The "Health Checkup Camp" was an opportunity to translate classroom knowledge into hands-on community service. Such camps are organised regularly under the guidance of faculty coordinators.

Blood Donation Camp

Community service is not a supplementary activity at Guru Nanak College — it is a defining aspect of pharmacy education. The "Blood Donation Camp" brought students face-to-face with the populations they will one day serve as professionals. Such event strengthens the College's long-standing commitment to rural outreach and public-health partnership in the Dehradun region.

Pharm Week Celebration

The "Pharm Week Celebration" is an annual reminder of the dignity and importance of the pharmacy profession, and the College observes it with care and creativity. During this two-day profession-focused celebration faculty and students came together for events that blended recognition, education, and celebration in equal measure.

Rashtrapita Mahatma Gandhi Jayanti

Every "Rashtrapita Mahatma Gandhi Jayanti" is a reminder of the values on which India stands and of the responsibilities citizens carry towards the nation. The celebration on the campus combined ceremonial dignity with the energy of a young student community. The college consistently uses such observances as opportunities to instil civic consciousness in its students, reminding them that their service as future pharmacists will be part of a larger national mission of public health.

Research Methodology Basics

Research competence is built through deliberate practice and guided training, not through memorisation of concepts. The "Research Methodology Basics" provided a hands-on environment where students could engage directly with the tools and techniques of modern pharmaceutical research. Organised by the Research club such sessions anchor the College's research culture and prepare the ground for the scholarly publications that Guru Nanak College faculty and students have continued to produce.

Business Quiz Competition

Entrepreneurship is the skill of converting ideas into impact, and in the pharmaceutical sector it can mean the difference between a medicine that reaches patients and one that never leaves the drawing board. The "Business Quiz Competition" invited students to think boldly, to test their ideas against rigorous criteria, and to learn from peers.

Kho-Kho Practice Camp

A campus without sport is a campus without energy. The "Kho-Kho Practice Camp" brought that energy out in abundance, with students cheering their classmates, coordinating strategies, and celebrating small victories. Organised by the Sports club that firmly believes a rigorous academic programme must be balanced with robust opportunities for physical activity, and the events organised under the Sports Club aim to make sport a regular, joyful part of every student's journey.

Diwali Utsav

The cultural fabric of India is woven from countless festivals, each with its own story, rituals, and celebratory mood. "Diwali Utsav" on the campus was a vibrant celebration that brought students from different backgrounds together in shared delight. Cultural club ensures that the decorations adorned the college corridors, traditional attire added colour to the day, and the joyous spirit of the festival reminded everyone that true pharmacy education goes beyond the curriculum. It shapes culturally rooted, socially aware young professionals who respect and participate in the traditions of their community.

Research Seminar on Advances in Biotechnology

Seminars and workshops conducted by guest experts play a vital role in enhancing student learning, and the "Research Seminar on Advances in Biotechnology" upheld this legacy with notable depth and academic rigour. The event was attended by 64 participants. By introducing students to contemporary developments and emerging perspectives in the field, the institution fosters a culture of continuous learning—an essential trait in a profession that is constantly evolving with advancements in science, therapies, and regulatory frameworks.

Innovation Poster Competition

Competition, when set within a framework of fairness and learning, is a powerful engine of growth. The "Innovation Poster Competition" gave students a structured platform to test their knowledge, challenge their peers, and measure themselves against clearly-defined standards. Organised by the Entrepreneurship club, the event ensured that all who participated went home with new insights and renewed motivation to keep learning. The College encourages participation in such competitive events as an integral part of well-rounded student development.

Constitution Day

Observance of "Constitution Day" serves as an important reflection on the foundational principles of India and the duties every citizen holds toward the nation. The campus celebration brought together a sense of formal respect with the enthusiasm of a vibrant student community. Marking the commemoration of the Indian Constitution, the College continues to use such occasions to nurture civic awareness among its students. It reinforces the idea that, as future pharmacists, their professional contributions will play a vital role in advancing the broader national goal of public health.

Seminar on Research on Evidence Based Medicine

Academic discourse flourishes when students have regular opportunities to hear from experts beyond their regular faculty. The "Seminar on Research on Evidence Based Medicine" brought specialists into direct contact with students, allowing for structured presentation followed by vibrant question-and-answer discussion. Events of this nature remain a cornerstone of the College's educational philosophy, serving as bridges between the classroom and the evolving frontiers of pharmaceutical science. Students who engage with such sessions consistently report sharper curiosity, better career clarity, and a broader appreciation of the profession.

EVENT · 01 December 2022 · Extra-Curricular Activities 2022-23

Navratri Pooja & Garba

Festivals at Guru Nanak College are not merely photo opportunities — they are occasions when the entire college family comes together to celebrate the diversity and richness of our shared heritage. "Navratri Pooja & Garba" was observed with the warmth and festive spirit that the occasion deserves. Religious and cultural celebration Students participated actively in organising the celebrations, learning along the way the practical lessons of planning, coordination, and inclusive hospitality.

Research Ethics Workshop

Guest-led seminars and workshops have long been recognised as accelerators of student learning, and "Research Ethics Workshop" continued that tradition with depth and rigour. Organised by the Research club, the event exposed students to current thinking in the field - a quality indispensable in a profession that evolves rapidly with new science, new therapies, and new regulations.

Volleyball Tournament

A campus truly comes alive through sports, as they bring vitality and enthusiasm among students. The "Volleyball Tournament" reflected this spirit, with participants actively engaging in gameplay while others cheered, planned strategies, and celebrated every achievement together. Organised by the Sports Club, the event witnessed the participation of more than 130 students, highlighting teamwork and coordination. Guru Nanak College of Pharmaceutical Science strongly upholds the belief that academic excellence should be complemented with physical activity, and the initiatives of the Sports Club are designed to ensure that sports remain an enjoyable and integral part of every student's experience.

Entrepreneurial Case Study Contest

Healthy competition sharpens the mind and builds character, and the "Entrepreneurial Case Study Contest" delivered on both counts. Students prepared with enthusiasm, brought their best thinking to the stage, and demonstrated the kind of engagement that keeps academic life vibrant. Organised by the Entrepreneurship club, the event uses competitions to identify exceptional talent, reward hard work, and create role models whose example inspires the wider student body.

Seminar on Entrepreneurship Development

The ability to transform ideas into real-world outcomes lies at the heart of entrepreneurship, and in the pharmaceutical field, it often determines whether a medicine successfully reaches patients or remains only a concept. The "Seminar on Entrepreneurship Development" encouraged students to think innovatively, evaluate their ideas critically, and gain insights through peer learning. The event saw the participation of 56 students. The College's continued focus on fostering entrepreneurial awareness remains a key aspect of its approach to holistic student development.

Christmas Celebration

At Guru Nanak College of Pharmaceutical Sciences, festivals are celebrated not merely as traditions, but as meaningful occasions that strengthen the sense of unity and belonging within the academic community. These events provide a platform to appreciate cultural diversity while fostering mutual respect, joy, and togetherness among students and faculty alike. In this spirit, the “Christmas Celebration” was organized with great enthusiasm, warmth, and vibrant festive energy.

The event was thoughtfully coordinated by the Cultural Club with the aim of promoting inclusivity and encouraging active participation across the campus. Faculty members and students came together to celebrate the occasion, creating an atmosphere filled with positivity, creativity, and shared happiness. The celebration included various engaging activities, decorations, and interactions that reflected the true essence of the festival.

Students played a central role in planning, organizing, and executing the event, which provided them with valuable hands-on experience in teamwork, leadership, and event management. Through their involvement, they developed important interpersonal and organizational skills while also learning the significance of inclusive hospitality and cultural appreciation. Overall, the celebration not only highlighted the festive spirit of Christmas but also reinforced the institution’s commitment to unity, diversity, and holistic development.

National Youth Day

A genuine sense of patriotism develops not from slogans, but from actively engaging in occasions that reflect the spirit and history of the nation. The celebration of “National Youth Day” on campus was carried out with dignity, reverence, and a shared feeling of pride. Organised by the Cultural Club under the theme *Inspiring Youth*, the event witnessed the participation of 90 students.

Research Methodology Workshop on Drug Discovery

Research competence is built through deliberate practice and guided training, not through memorisation of concepts. The "Research Methodology Workshop on Drug Discovery" provided a hands-on environment where students could engage directly with the tools and techniques of modern pharmaceutical research. Such sessions anchor the College's research culture and prepare the ground for the scholarly publications that Guru Nanak College faculty and students have continued to produce.

Freshers Party

The most memorable aspects of college life are often not examinations, but the experiences that bring people together—induction programmes, farewells, alumni interactions, and the informal celebrations where lasting bonds are formed. The “Freshers Party” was one such event, reflecting the warmth and spirit that define student life at the institution. Organised to welcome new students, the occasion brought faculty, staff, and students together in a relaxed and friendly atmosphere. The seamless interaction among all present reinforced the feeling that Guru Nanak College of Pharmaceutical Science is not just an academic space, but a close-knit and welcoming community.

Kabaddi Match

A campus truly comes alive through sports, as they infuse it with enthusiasm and vitality. The “Kabaddi Match” reflected this spirit, with students actively supporting their peers, planning strategies, and rejoicing in every achievement, big or small. As a traditional strength-based sport, kabaddi highlighted teamwork and physical endurance. Guru Nanak College of Pharmaceutical Science strongly upholds the belief that academic excellence should be complemented by ample opportunities for physical activity. The initiatives led by the Sports Club are designed to ensure that sports become a consistent and enjoyable part of every student’s campus experience.

Business Model Canvas Contest

Entrepreneurship lies in the ability to transform ideas into meaningful outcomes, especially in the pharmaceutical field where it can determine whether a drug reaches patients or remains conceptual. The “Business Model Canvas Contest” provided students with a platform to explore innovative thinking, evaluate their ideas through structured frameworks, and gain insights from peer learning. Organised by the Entrepreneurship Club, the event engaged 45 students who developed well-structured business models. The college’s consistent focus on fostering entrepreneurial skills continues to stand out as a key aspect of its student development approach.

Voters Day Celebration

Every "Voters Day Celebration" is a reminder of the values on which India stands and of the responsibilities citizens carry towards the nation. The celebration on the campus combined ceremonial dignity with the energy of a young student community. The college consistently uses such observances as opportunities to instil civic consciousness in its students, reminding them that their service as future pharmacists will be part of a larger national mission of public health.

FACULTY CORNER

Voices from the Teaching Community

The faculty of Guru Nanak College of Pharmaceutical Sciences brings together decades of collective experience in pharmaceutical education, research, and industry practice. In this feature, we share brief perspectives from members of our teaching community on the semester that has been — what stood out, what surprised them, and what they carry forward into the next.

"A pharmacy graduate is not merely a technician — they are a custodian of public health. Every seminar, every workshop we organise is designed with that larger purpose in mind, to shape graduates who understand both the science and the service aspect of our profession."

— Dr. Mohit Gupta

Principal

"Watching students evolve over the semester — from tentative first-year participants to confident event organisers — is the most rewarding part of teaching. Our job is to create opportunities; they do the growing themselves, and the speed at which they grow never ceases to amaze me."

— Ms. Kriti Dabral

Associate Professor, Pharmaceutics

"Research projects at the undergraduate level do more than produce a thesis; they produce independent thinkers. Seeing our students pose their own questions, design their own experiments, and defend their own conclusions is watching future pharmaceutical scientists in formation."

— Ms. Yashika Uniyal

Associate Professor, Pharmaceutics

Awards & Achievements

Recognitions from August 2022 – January 2023

Our students have represented Guru Nanak College of Pharmaceutical Sciences at inter-institute, regional, and national-level competitions. The following pages celebrate their successes.

Independence Day Online Special Quiz

This accomplishment marks a moment of pride for Guru Nanak College of Pharmaceutical Sciences, Dehradun. The recognition was secured in the “Independence Day Online Special Quiz” category, organised by ABP Live, Mumbai, with participation from students including Sourav Dhibar, Mohd Aalam, Md. Gaznee, Amit Thakur, and Bhavesh Bharti.

The College extends its sincere congratulations to the achievers and appreciates the dedication, discipline, and thorough preparation that led to this success. Competitions of this standard bring together some of the most capable students from various institutions, and each achievement—as well as every participation—adds to the growing prestige of GNCPS at both regional and national levels. The contribution of faculty mentors, club coordinators, and peers is also noteworthy, as their continuous support reflects the institution’s strong culture of collaboration and excellence.

Quiz Competition on 'Corona Awareness' — Participation

An achievement by a GNCPS student reflects not just individual success, but the collective effort of the entire college community—faculty who impart knowledge, coordinators who provide guidance, peers who offer support, and families who inspire. In this instance, the recognition was secured in the “Quiz Competition on ‘Corona Awareness’,” with participation from Mr. Abhishek Awasthi. The college consistently encourages participation in external events, as they broaden perspectives, introduce healthy competition, and enhance learning experiences. This accomplishment stands as a testament not only to the winner’s merit but also to the nurturing academic environment that has contributed to such excellence over time.

World's Pharmacist Day Working Model — 1st Position

The College takes immense pride in acknowledging this achievement of its students, who secured 1st position in the “World Pharmacist Day Working Model” category. The winning team comprised Hemanti Bist, Vipul Kumar, Abhishek Awasthi, and Rajnish Kumar. Such accomplishments are never incidental; they are the result of sustained effort, disciplined preparation, and the determination to excel beyond the boundaries of one’s own campus. Guru Nanak College of Pharmaceutical Science strongly upholds the belief that every student possesses the potential to achieve excellence, and milestones like this stand as clear evidence that the institution’s focus on holistic development is producing tangible outcomes. This success further enriches the college’s legacy of achievements and serves as a source of motivation for future batches.

AWARD · 24 September 2022 · Inter-Institute Competitions

World's Pharmacist Day Working Model — 3rd Position

The recognition came in the “World’s Pharmacist Day Working Model” category, where the team secured 3rd position. The awardees were Vaibhav Verma, Mohd. Faisal, and Ashtha Singh. The College consistently promotes participation in external platforms, as it allows students to engage with broader perspectives, experience healthy competition, and enhance their learning. This accomplishment highlights not only the merit and dedication of the students involved but also reflects the strong academic environment that has contributed to their growth over time.

AWARD · 24 September 2022 · Inter-Institute Competitions

World's Pharmacist Day Logo Making — 2nd Position

The College takes great pride in acknowledging the achievement earned by its students. The recognition was secured in the “World’s Pharmacist Day Logo Making” category, with a 2nd position awarded to Ashtha Singh. Such accomplishments are never incidental; they are the result of sustained effort, consistent practice, and the confidence required to step beyond the boundaries of one’s own campus. Guru Nanak College of Pharmaceutical Science firmly believes in the potential of every student to excel, and achievements like this stand as clear evidence that its focus on holistic development is producing meaningful outcomes. This success also becomes a part of the institution’s growing legacy, serving as a source of motivation for future students.

AWARD · 24 September 2022 · Inter-Institute Competitions

GNCPs Working Model Competition — 1st Position

The College proudly acknowledges the achievement earned by its students in the “GNCPs Working Model Competition,” where the team secured 1st position. The winners — Aastha Singh, Hemanti Bisht, Abhishek Awasthi, Rajnish Kumar Patel, and Vipul Kumar — demonstrated exceptional effort and teamwork in attaining this recognition.

Such accomplishments are the result of sustained dedication, rigorous preparation, and the confidence to perform at a competitive level. Guru Nanak College of Pharmaceutical Science firmly upholds the belief that every student holds the potential to excel, and achievements like this reflect the institution’s continued commitment to nurturing well-rounded growth. This success further enriches the college’s legacy, inspiring future batches to strive for similar excellence.

AWARD · 09 October 2022 · Inter-Institute Competitions

Essay/Writing Competition — 1st Position

The recognition was secured in the “Essay/Writing Competition,” where Hemanti Bist achieved 1st position while representing the college. The College actively encourages participation in external competitions, as such platforms provide exposure to broader perspectives, higher levels of competition, and enriched learning experiences. This accomplishment highlights both the individual merit of the student and the strong academic environment that continues to nurture excellence over time.

SHIVATECH 2022 State Level Technical Event — Participation

Every opportunity undertaken by a GNCPS student reflects the shared spirit of the entire college community — shaped by the guidance of faculty, the support of mentors and peers, and the encouragement of families. In this instance, students participated in the “SHIVATECH 2022 State Level Technical Event,” representing the institution with enthusiasm and commitment. The participants — Sujit Kumar, Hemanti Bisht, Mohd. Faisal, Aastha Singh, Ishrat Akbar, and Haider Ali — took part in the event hosted by Shivalik Group of Colleges.

This participation reflects both the willingness of students to step beyond their comfort zones and the institution’s ongoing effort to nurture confident, capable, and future-ready professionals.

CAMPUS LIFE GALLERY

Moments from August 2022 – January 2023

A campus is, at its best, a mosaic of moments — the shared laugh in a corridor, the quiet concentration of a laboratory, the roar of a sporting victory, the hush of a research presentation. The pages that follow invite readers to see this semester through a gallery of such moments.

LOOKING AHEAD

What the Coming Semester Holds

As this issue goes to press, preparations are already underway for the next semester, which will bring fresh cohorts, fresh events, and fresh opportunities for growth. Our calendar includes continued sessions of the Research Club with a focus on advanced research methodology, regular Entrepreneurship Club events designed to stretch student thinking on venture creation, Sports Club tournaments that keep the competitive spirit alive across all four batches, and Cultural Club programmes marking the festivals and national days that punctuate the academic calendar.

Faculty members will continue to deliver research seminars on cutting-edge topics; guest speakers from the pharmaceutical industry, regulatory agencies, and academia will visit the campus through the Industry-Academia engagement cell; and students will participate in external competitions that carry the name of Guru Nanak College to the regional and national stage.

Readers of this newsletter can expect the next issue to document those months with the same care and warmth they have come to expect. Until then, we invite every member of the GNCPS family to engage enthusiastically with the opportunities the campus continues to offer.
